ABOUT US

DAIVU ECO TECHNOLOGY CO., LTD. is a Vietnamese manufacturer dedicated to delivering high-quality, eco-friendly products. Guided by the philosophy "From Leaf to Table, Back to Nature," we transform natural raw materials into sustainable solutions for everyday life.

Our Mission

To create nature-inspired products that improve daily living while preserving the environment for future generations.

Quality Commitment

Every product meets rigorous international standards through careful sourcing, advanced manufacturing, and thorough quality control.

Sustainable Vision

We integrate green practices, renewable materials, and circular economy principles into every stage of production.

Together, we build a greener tomorrow — one product at a time.

ECO ARECA

Palm Leaf Tableware – Made in Vietnam

Inspired by Areca Nature.

Simple. Natural. Sustainable.

Phu My, Ho Chi Minh, Viet Nam

OUR FACTORY

Factory Introduction

Our factory is fully equipped with molding machines, UV treatment systems, and packaging equipment, forming a complete production process to ensure consistent quality and stable production.

Production Capacity

With 3 heat-press machines and a diverse range of molds, we are expanding our production capacity to up to 30,000 products per month.

Address

15 Hoang Minh Giam Street, Phuoc Hung Quarter, Phu My Ward, Ho Chi Minh City, Vietnam

Standards & Commitments

Committed to consistent quality, stable production, and continuous improvement.
